MARITIME ACADEMY MEMORIAL / cover

The late afternoon sun touches the newly erected merchant seaman statue at the Massachusetts Maritime Academy located at the Buzzard's Bay entrance to the Cape Cod Canal. This memorial honors deceased members of the merchant marine fleet who were students at this institution. The statue is a seaman with seabag, ready to embark on a deep water voyage.

Canal bridges, photo below, is the view down the canal directly opposite the memorial.

The span in the foreground is the Railroad bridge which frames the Bourne Bridge which is lit by a shaft of sunlight piercing the clouds.

GRANGE HALL REPAIR IN PROGRESS

The sobering extent of the fire damage to the historic registered Grange Hall apartments is revealed as the burned roof is removed in preparation for restoration. No one who recalls the extremely high wind of the fire night, blowing toward the wharf, will escape a chill of what might have been if the prompt action of the Mattapoisett Fire Department had not knocked down the flames from the tower so promptly. There was more fire than revealed itself that night. Quick skill was vital to us.

TOWN HAS $240,878 MORE TO SPEND
MATTAPOISETT SELECTMEN'S MEETING
OCTOBER 27, 1989-by VIRGINIA MORGAN

At a brief joint meeting among the Selectmen, Finance Committee, Board of Assessors and the Town Treasurer/Tax Collector, the information was released that the town has an additional $240,878 it can spend.

Board of Assessors Chairman John D. Gibbons explained his board found the error in the Capital expenditure Exclusion figure of $269,480 that should have been included in receipts; also the additional $43,000 in new growth figures. The town now has the benefit of $240,878 available this year. Chairman Gibbons said it is better to give a low figure on growth before the annual town meeting. "We didn't have enough information until October on the exact growth figure. This will increase our levy so there will be more available next year, fiscal 1991, based on Proposition 2½."

A special town meeting will be held on Monday, November 13th, at the Old Rochester Regional High School.

There will be six articles on the warrant said Selectmen Chairman Bernard F. Talty - $32,000 for the remaining six months of rubbish collection (January 1-June 30, 1990); 5% salary increases for town employees; 5% increase for elected officials; 423,000 (estimate) for the Reserve Fund; a sum to pay old bills; a sum to pay the readjusted salary of Board of Health Agent Dale Barrows.

Mr. Gibbons said, "But the tax rate will rise. I estimate no more than 50

cents per thousand over the present tax rate of $9.90 per thousand. Voters have to understand the rate must rise with the added spending but will give us the ability next year to increase our levy to spend." Assistant Assessor Shirley Kelley added that if the town doesn't spend the full amount this year "we won't get anymore from the state than used on the earlier figure based on Proposition 2½." The new levy will be $5,726,089.

Chairman Talty said the recapitulation of figures showing the actual receipts for fiscal 1989 are much higher than anticipated, especially the motor vehicle and boat excise taxes, water and sewer service charges and licenses and permits.

Town Treasurer Kathleen Briggs explained the increase of $70,000 in interest on deposits was the result of the borrowing for new police station. This amount, however, will not be available for next year.

Mr. Talty said the five percent salary increases will be based on the requests at the annual town meeting in May. He said if "we use the money to support town employees, we should support all of them." He noted Health Agent Dale Barrows is receiving $7,000 for part-time, whereas the full salary is $18,000.

said the roof leaks in the middle, the dome part over the office. "It is very bad and the interior is deteriorating fast", she said.

Ms. Brady explained bids for roof and chimney repair advertised in the Presto Press resulted in no responses. Selectmen endorsed the plan to readvertise in the Presto and other media again. Both the trustees and director feel emergency repairs should be done to stop further damage before safety become an issue.

It was noted that Building Inspector Andrew J. Bobola estimated the roof repair at $11,000 at the annual town meeting.

Selectmen gave their approval for the trustees to go to the Finance Committee for emergency funds to do emergency repairs and recommended asking someone to do the emergency work and to seek a second bid for the entire roof job.

SELECTMEN AGREED to support a proposal by the MMA (Massachusetts Municipal Association) to change Proposition 2½ to allow a permanent change in the annual increase of the levy limit. The annual increase, which is now 2½ percent, would change to the same percentage that the state is allowed under its tax cap -- a three-year running average of the percentage increase in Massachusetts wages and salaries. In fiscal year 1988, this figure was 8.0 percent; in fiscal year 1989, it was 9.8 percent.

The Constable noted there is a depletion of the scallop crop throughout the town's waters and that Brandt Island Cove will be seeded. He noted 30,000 scallop seed has been received ready for seeding.

A recommendation by the Constable that shellfish fees for next year be changed to $25. for a family license and $15. for an individual license, with only two individual licenses allowed per family will be placed on hold until such time as Selectmen discuss all fees.

Pratt, 1 Cannon Street requesting the following be considered when the Mattapoisett Inn owners apply for a renewal of the Inn's liquor license: A uniformed Mattapoisett police officer be employed by the Inn from 10 p.m. to 1 a.m., closing time; liquor bottles be concealed from public view on Water Street porch bar; the use of designated driver program (free non-alcoholic drinks for designated driver) be instituted.

It was noted by Town Administrator Lois K. Ennis that this designated driver program has become common practice in many places.

The Pratts prefaced their remarks with the following:

"We, our family, and our friends, enjoy the Mattapoisett Inn. Its lovely presence, charming decor, excellent food, and congenial atmosphere all add up to a very big plus in this community! And so, we don't want to see The Inn go away

RECEIVED A COPY OF A LETTER sent by the Board of Health to Mr. Antonio Bairos, 2 Hi-on-a-Hill Road regarding three complaints stating he has been dumping outdated and stale foodstuffs from his catering business on his property and that the neighborhood dogs are dragging it all over the place. On a recent inspection by Health Agent Dale S. Barrows, he found the statements to be true and also observed a pile of pastries that had been dumped at the end of the driveway.

The agent notes there is no record of a catering business or an inspection of Mr. Bairos' trucks or kitchen facilities. This is a violation of state law and must be addressed immediately. Also, it is against state sanitary codes to dump garbage directly onto the ground except in a certified landfill. If corrections are not made the Health Board will have no choice but to contact Town Counsel and get a cease and desist order from the court to stop the business.

as of October 15 the "property" at 53, 55 and 59 County Road (north side of Route 6) is at Phase I status as Locations to be Investigated - which are locations the department considers reasonably likely to be disposal sites but are as yet unconfirmed. Under Phase I the site is still being classified. Originally listed on January 15, 1988, the term "Property" has been used when the property/occupant is unknown. Reasons for listing property includes past or present uses as reasonably likely to be disposal sites where oil or hazardous material may have been released to the environment. Inclusion of a location does not imply that a release of oil or hazardous materials has been confirmed. It does mean that DEP has received sufficient information to warrant an initial investigation.

RECEIVED NOTICE from the State Department of Revenue, Division of Local Services, that Old Colony has $152,363 certified as unencumbered excess and deficiency funds/surplus revenue available July 1, 1989. Any amount in excess of $208,166 must be used to reduce assessments. Selectmen noted the surplus is due to the very efficient manner in which the vocational school buildings are maintained.

AGREED to give their personal opinion that they are opposed to the redistricting of the area encompassing the Mattapoisett Boatyard from residential to marine. They agreed to send all correspondence on that subject and those received opposing the expansion of the boatyard to the Planning Board.

ADDITIONAL VOLUNTEERS NEEDED

A big thank you to those of you who volunteered to visit our elderly in nursing homes. However, we still need more volunteers in order to cover all of the area Nursing Homes.

Please call the Council on Aging office for further details, 758-3758, 9:00 a.m. to noon.

TO ALL SENIORS:

We are trying to determine if our seniors would enjoy an occasional trip to Old Colony Vocational School for a beauty treat (shampoo and set, facial or manicure) by their students, at a very reasonable fee. DEAR FELLOW MARIONITES:

Please don't part with your leaves, pine needles, grass clippings, etc. They are our future topsoil. Compost them or pile under trees and shrubs. By next spring they are partly decayed, very useable and shrunk to a fraction of original pile.

Miss Haugen's class at Fisher & Rocha, Inc.

We went to Fisher & Rocha, Inc. on Tuesday, October 24. We walked all the way there. We went by the Grange Hall that had been on fire. They were fixing it again.

At Fisher & Rocha we saw lots of machines. We saw machines that saw wood, bend metal, make wood into shapes, make molding out of wood, make wood smooth, and make holes in the wood. The people there gave us a piece of molding to bring home. As we were going down the stairs there were tool shapes cut out of the wood in the railing.

At the plumbing shop we saw copper

In the office there was a FAX machine. There were two ladies who told us about it. Somebody sent a message through the telephone lines. They showed us the paper. They showed us the computer room. They had a place to make coffee. Upstairs they have meetings. We saw house plans. We saw a picture of Route 6 in Mattapoisett a hundred years ago.

Happy 90th Birthday

Beatrice Waite

Beatrice used to say that her birthday was November 1st, Feast of All Saints. And that she was going to live to 102, like her great-grandfather. She is on her way, as Wednesday is her 90th birthday.

A remarkable lady, she may well be remembered by many, because she worked at the Acushnet Company in production control. She lived in Fairhaven until she moved to Mattapoisett.

She brought up three children, their three cousins, boarded four school teachers, and then offered to take care of me when I came home from the hospital on two occasions.

Her interests in music, crafts, travel, and entertaining at her home brought her

much enjoyment.

She has been content at the Mayflower Nursing Home for three and a half years. She is very well, and still maintains her positive outlook and congenial disposition.

She has already received a number of birthday cards, and one from the President.

I learned a lot from the wisdom of Beatrice, and would like to take my hat off to her, on her special day. Surely, there are many in our towns who will remember you, and wish you well on your 90th birthday. Congratulations, Beatrice Waite.

Holiday Workshops

AT HERITAGE PLANTATION

Heritage Plantation is offering two workshops that will help everyone prepare for both Thanksgiving and Christmas celebrations.

A Christmas Band Boxes Workshop will be taught by Philip S. Dolan, artist preparator, Friday, November 10th, from 9:00 a.m. to 3:30 p.m.

Bell, tree, star, stocking - these four unusual band boxes are covered and lined with seasonally colored wallpaper. With added decoupaged motifs cut from old Christmas cards, they make wonderful containers for cookies, party mixes or small gifts. A gift in themselves, and with care they could become part of the holiday tradition. The bell measures 9 x 8 x 4 inches; the stocking's dimensions are $8\frac{1}{4}$ x $7\frac{1}{2}$ x 4 inches.

Materials for making the boxes will be provided by the Museum, but participants are encouraged to bring appropriately colored wallpaper of their own choosing (vinyl, foil backed and flocked wallpapers are unsuitable for this project). If motifs for decoupage are desired, participants should also bring old Christmas cards. The cost for this class is $45.00 for members and $60.00 for non-members.

Then, on Tuesday, November 21st, from 10:00 a.m. to 12:00 noon, a fall flower arrangement of fresh flowers will be taught

Spalding Gray at Nemasket

The Nemasket Gallery is pleased to announce two performances on Monday, November 6th, and Tuesday, November 7th, by internationally renowned writer/actor, Spalding Gray, in "Monster in a Box" (Footnotes to: The Impossible Vacation).

What Spalding Gray does seems at first glance deceptively easy ... Sitting at a plain wooden table, on an otherwise bare stage, he talks - magically. Best known for Swimming to Cambodia which was later filmed by Jonathan Jones in 1987, Spalding Gray has created a series of brilliant and complex monologues including Sex and Death to the Age 14; A Personal History of the American Theatre; India and After (America), and Terrors of Pleasure which was an HBO special.

Earlier this year he appeared at Lincoln Center in the Tony award winning production of Our Town. Area audiences will have a one time only chance to see him in the role of the Stage Manager on Friday, November 3rd, at 9:00 p.m. when WGBH in Boston presents Our Town as part of the Great Performances Series.

Mr. Gray's films include The Killing Fields, Swimming to Cambodia, True Stories and Beaches. His books include Swimming to Cambodia, In Search of the Monkey Girl, Orchards and his upcoming novel, Impossible Vacation.

Tickets are $17.50 and are available at the Nemasket Gallery, 56 Bridge Street, Fairhaven Monday - Friday, 8:30-4:30 p.m.; Saturdays, 1:00 to 3:00 p.m. or by calling 999-4436.

The seminar, entitled Importing/Exporting, will show Massachusetts businesses how to better position themselves as competitors in the current and future global market, according to Linda Durant, director of the BCC Center for Business and Industry (CBI). "The 1992 European economic incorporation and the U.S.-Canada Free Trade Agreement are two good examples of the changing international commerce opportunities local businesses may want to look at", said Ms. Durant. The morning schedule focuses on these opportunities and cites specific advantages for area businesses.

In addition to the experts' workshops, a videotape entitled "Communication Across Culture" will be shown and discussed to help participants develop successful cross-cultural skills. And for those Massachusetts businesses most interested in exporting, a speaker from the Massachusetts Export '90 initiative will discuss ways to increase the state's exports.

The seminar, sponsored by CBI and the International Studies Program, runs from 8:30 a.m. to 1:30 p.m. in the Siegal's Health Technology Building. The cost is $35. plus a non-refundable $5. registration fee. To register or for more information call the College at 678-2811, ext. 154.

BOARD OF HEALTH
REGULATIONS FOR BUILDING IN WETLANDS

Pursuant to M.G.L. Chapter 111, Section 31, the Mattapoisett Board of Health has adopted the following regulations:

The following regulations will apply to any building with wetlands as defined by M.G.L. Chapter 111, Section 31.

1) Only single family homes and accessory buildings will be permitted. Septic systems located within individual lots shall be a minimum of 100 feet from the Mattapoisett River and associated wetlands or any other wetland. Consideration shall also be given to surrounding gradient, so that, if possible, natural grade and surface runoff will be away from the River and associated wetlands within the individual lot.
2) No construction will be permitted within 100 feet of the Mattapoisett River. During construction hay bales or equivalent will be placed on the downward slopes (perimeter) to prevent runoff.
3) If oil storage tanks are installed they will employ double containment. No tanks will be buried. Consideration shall be given to L.P.S. or natural gas where practical. Refer to the "Regulations for Installation of Fuel Tanks" dated May 24, 1988.
4) To minimize runoff, imperious surfaces shall be reduced to a maximum of 15% of lot area.
5) Application of road and drive de-icing salts will be limited to manual application.
6) The use of lawn pesticides, herbicides and fertilizers will be restricted to minimal application.
7) Runoff roofs will be routed to french drains.
8) Plumbing fixtures in the proposed homes will be the "Water Saver" variety, i.e. shower heads, faucets and water closets.
9) Septic systems will be pumped at least once a year.
10) Sump pumps will not be allowed.

COMMUNITY RESPONDS TO
EARLY CHILDHOOD BUDGET CUTS

Spearheaded by the Project GROW Parents' Group, fundraising has begun to offset the state's budget cuts to the local early childhood project. When the parents heard that there were no funds for any supplies for the program this year, they quickly organized a major fund-raising effort under the leadership of Project GROW parent Kim Washburn.

An October 7th Yard Sale and Bake Sale held at the Bandshell in Marion generated $450.00. Items for the sale were donated by present and former Project GROW parents, advisory council members and friends. A raffle is currently underway with prizes donated by area businesses including L'Auberge, Washburn Electric Company, Inc. and Common Scents of East Freetown.

A Children's Show, featuring nationally known professional children's entertainers brought to us by Squared Circle Promotions of Marion, is scheduled for Saturday, November 11th. The show will be held from 11:00 a.m. to 1:00 p.m. with lunch available at intermission. Tickets will soon be on sale through Project GROW parents. The cost of the entertainment is being underwritten by community member Ted Laycock, owner and operatior of Ted's Automotive Auto Body Repair, Marion. The cost of refreshments is being underwritten by the Marion Town Party Committee. Lumber to build a stage for the show is being donated by Marion resident Lee

eye talk
Q. Recently I started seeing dark spots and thread-like strands before my eyes. What causes this? Is it serious?
A. You are seeing spots and floaters. They are usually harmless but sometimes they signal a serious eye problem in need of prompt attention.
These include such vision-threatening conditions as retinal detachment, other retinal disorders, cataracts, diabetes, high blood pressure or leukemia.
You should, therefore, make an appointment with your optometrist for a thorough eye examination covering eye health as well as your vision. Be sure to mention the dark spots and strands you are seeing.
More than likely you are seeing harmless particles of protein or other natural materials floating in the fluid inside your eyes. But you need a professional diagnosis.
Even if your optometrist diagnoses the spots as harmless, have them re-evaluated every year or more often, if you notice a change.
